Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Saturday 27 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Windy, especially coastal areas and high ground. Cold. Hill snow.

Today:
Becoming windy everywhere, although the Peak District will start very windy with gales or severe gales. Gusts 55 to 60 mph developing along the Lincolnshire coast. Outbreaks of rain, sleet and hill snow gradually become confined to Lincolnshire and Nottinghamshire. Maximum temperature 7 deg C (45 deg F).

Tonight:
Western areas dry and clear, with a frost, and icy stretches likely on untreated surfaces. Eastern areas will be cloudier with scattered wintry showers. Windy start, easing a little inland. Minimum temperature -4 deg C (25 deg F).

Sunday:
Scattered wintry showers for eastern areas, mainly across Lincolnshire. Elsewhere mainly dry with sunny spells, but feeling cold everywhere. Breezy inland, Windy along the Lincolnshire coast, especially at first. Maximum temperature 4 deg C (39 deg F).

Outlook for Monday to Wednesday:
Monday largely frosty and sunny start, perhaps early coastal showers, then increasing cloud later. Tuesday milder, cloudy and windy with outbreaks of rain. Wednesday windy with sunshine and scattered showers.
